

REDMOND SELECT BOYS' BASKETBALL

SKILLS DEVELOPMENT PROGRAM

PAT DE SMET – FALL 2007

PLAYER & PARENT EVALUATION

Dear Parents and Players,

RSBB encourages the use of outside programs to strengthen the basketball skills and knowledge of our players. This fall, we worked with Jeff Larson, Redmond High Varsity coach, to bring in Pat De Smet to work with our players on basic basketball skills. To determine the efficacy of the Skills Development Program, we are asking that each player complete the program's evaluation so that the RSBB Board can make decisions about offering future programs for our players.
